Dear Brenda,

We enjoyed very much reading about your work with PEDal on a Bicycle and Pedestrian Master Plan for San Clemente and hope that you had a successful presentation to the Planning Commission this week.

For your information, the Dutch Cycling Embassy, in partnership with the Netherlands Embassy in DC, has been active in supporting US cities in the development of better biking facilities through a series of ThinkBike Workshops. These 2-day workshops match Dutch cycling experts with city planners, engineers and advocates, who work together to develop solutions to key problem areas. The workshops have been held in Chicago, DC, Miami, San Francisco, Los Angeles, Pittsburgh and Philadelphia. Next month, ThinkBike comes to San Jose and Austin, and there are plans for a workshop in San Diego and Atlanta in Spring 2013.

To learn more about the workshops, see [our website](#) (documentation of past ThinkBike projects) or our ThinkBike page on [Facebook](#) (photos and links to press from our most recent projects).

We would love to hear more about your work in San Clemente and would be very happy if you could join us for the workshop in San Jose next month or in San Diego next year.

All the best,

Jennifer Katell
